REL: COAL CREEK DISTRIBUTION

A very interesting and helpful meeting was held at Cedar City at 7:30 p. m. Thursday, February 20, 1936. A considerable number of water users were present. The financial report was given, following which matters relating distribution were taken up and discussed. Before the close of the meeting, at the request of those present, three quarters of an hour was spent in discussing the underground water law.

The secretary appointed at said meeting will report the minutes.
